

HELP YOUR FELLOW SERVICE MEMBERS AND VETERANS

You may be able to provide information that could improve health care for yourself and other service members and veterans.

If you served in the military after October 2001 and are interested in the Natural History of TBI Research Study, please call 855-993-8242 or email natural.history2@dvbic.org.

Purpose: The purpose of this study is to conduct research requested by Congress on the health care needs of service members and veterans. You can participate from the comfort of your own home.

Benefits: Contribute to knowledge that could improve the health care provided to you and your fellow service members and veterans by informing Congress of your health care needs.

Time commitment: 1 1/2 to 2 1/2 hours every 1-3 years. Voluntary participation for up to 15 years.

You may receive compensation for your participation.

Principal Investigator: Dr. Louis French

National Intrepid Center of Excellence (NICoE) 4860 South Palmer Road Bethesda, MD 20889-5649

Project Title: Exploring the Natural History of Traumatic Brain Injury Within a Military Cohort
